timbolralphlaurenz@gmail.com | +63 921 578 1684 | linkedin.com/in/ralph-laurenz-timbol | Pampanga, Philippines

PROFILE SUMMARY

Computer Engineering graduate with experience in manual and automated software testing using Playwright. Skilled in Python, JavaScript, and embedded systems, with a solid foundation in networking and database management. Detail-oriented and capable of contributing to reliable, high-quality software.

EDUCATION

TERTIARY

System Plus College Foundation – GPA: 1.34

Bachelor of Science in Computer Engineering

S.Y. 2022 – 2026

Angeles City, Pampanga

WORK EXPERIENCE

Associate SQA Engineer Trainee

Cloudstaff Philippines Inc.

January 2026 – April 2026

Angeles City, Pampanga

- Conducted manual testing to identify bugs and ensure software functionality and usability
- Developed and executed automated test scripts using Playwright for web application testing
- Assisted in creating and maintaining test cases and test documentation.
- Collaborated with developers and QA team to validate fixes and enhance product quality.

RECENT PROJECTS

HireTrack – Job Application Pipeline Manager

April 2026 – Present

- Currently building a full-stack job application tracking system using Next.js and PostgreSQL, featuring a drag-and-drop Kanban pipeline board, interview scheduling, recruiter contact management, application statistics dashboard, and JWT-based authentication, with end-to-end tests written in Playwright.

IoT-Based Beehive Monitoring and Feedback System

October 2025 – March 2026

- Built and deployed a full-stack web application on Hostinger using PHP and MySQL, incorporating frontend development, REST APIs, CRUD operations, ESP32 real-time data integration, IoT hardware assembly, and solar-battery power supply.

TECHNICAL SKILLS

Programming & Scripting: Python, JavaScript, TypeScript, Assembly Language, C/C++

Software Testing & QA: Manual Testing, Playwright Automation, Test Case Design, Bug Reporting, Agile/Scrum

Embedded Systems & IoT: Arduino, ESP32, Sensor & Actuator Integration, IoT Communication

Networking: Network Configuration & Troubleshooting, VLANs, Routing Protocols, Wireless LAN, Cisco IOS

CAD & Technical Drafting: AutoCAD 2D Drafting, AutoCAD 3D Modeling

Web & Database: PHP, MySQL, REST APIs, Web Dashboard Development

CERTIFICATIONS & SEMINARS

- CCNA: Introduction to Networks – Cisco Networking Academy (Jan 2025)
- CCNA: Switching, Routing, and Wireless Essentials – Cisco Networking Academy (Jun 2025)
- CCNA: Enterprise Networking, Security, and Automation – Cisco Networking Academy (Mar 2026)
- Exploring the Internet of Things (IoT) for Thesis Prototype Development: Innovative Solutions for Real-World Challenges (2025)
- SEMICON CONNECT: Bridging ECE & CpE to Industry (2026)
- Software Engineering and Testing in Today's Industry (2026)
